

Database Love Test

This test has been scientifically designed
to match you with your soul-base

- 1) **What brings you here this evening?**
 - a) I had to sign up for something
 - b) I'm ready to live life (through my databases) in living color!
 - c) I'm looking for a deeper connection to my practice
 - d) I need something to give the sub tomorrow
- 2) **If you had to pick one of the following as your spirit animal, which would you choose?**
 - a) A crow! They see all, know all.
 - b) Sid the Sloth from *Ice Age*
 - c) An axolotl, obviously
 - d) A mule--they get things done in style.
- 3) **What is your favorite way to spend a Saturday afternoon?**
 - a) Reading *The New Yorker*
 - b) Watching *Die Hard*
 - c) Working on my 8th Master's Degree
 - d) Researching my next curricular unit and lessons
- 4) **If you had to be a flavor of ice cream, which one would you be?**
 - a) Vanilla--nothing beats a classic
 - b) Funfetti cake
 - c) Ube-Matcha Swirl
 - d) Ben & Jerry's Pecan Resist
- 5) **Do you prefer quantity or quality?**
 - a) Quality all the way
 - b) It depends...I can't decide.
 - c) I prefer not to be limited by false binaries.
 - d) It's all about the numbers, baby
- 6) **What does #relationshipgoals mean to you vis-a-vis your databases?**
 - a) I'm looking for a database that helps me become my best self.
 - b) I'd love to find a database that makes me laugh...and cry...and think...and has a great soundtrack.
 - c) I'm looking for a database that feeds my beautiful mind.
 - d) I'm looking for a teaching partner.
- 7) **What has been missing in your past library database relationships?**
 - a) Acceptance for my love of current events (sorry JSTOR)
 - b) Excitement (sorry JSTOR)
 - c) Support for my professional career (sorry JSTOR)
 - d) Shared values--and data and graphs (sorry JSTOR)
- 8) **From which of these celebrities would you take dating advice?**
 - a) Michelle Obama
 - b) Quentin Tarantino
 - c) Benjamin Bloom (he of the Taxonomy)
 - d) Nate Silver
